GOTELLI ASSUMES SALES MANAGER POSITION AT JIT MANUFACTURING, INC.

Paso Robles, California – June 01, 2011 – JIT Manufacturing, Inc. has named Doug Gotelli Sales Manager. Prior to accepting the Sales Manager Position, Mr. Gotelli was the Western Regional Sales Manager for Endicott Interconnect.

Mr. Gotelli has 25+ years of experience in sales and sales management in the Printed Circuit Board industry. Gotelli is based in San Jose, CA and will head up JIT Manufacturing's sales team, working extensively with account managers and customers in the field. The new position reports to Mark Whittaker, JIT General Manager.

"Doug has a tremendous manufacturing background and fully understands our products and services. Doug will be very effective working with our existing customers and customer support personnel while expanding JIT's customer base and sales channels," said Mark Whittaker, JIT General Manager.

Founded in 1994, JIT Manufacturing is an ISO 9001:2008 registered electrical wire harness and CNC machine shop manufacturer, as well as a value added electrical/mechanical assembler. JIT has manufacturing operations in Paso Robles where it manufactures and tests electro-mechanical assemblies and systems as a Contract Manufacturer (CM) in the Electronic Manufacturing Services (EMS) business sector. For more information about the company, visit the JIT web site at <http://www.jitmfg.com>.

Company Background: JIT Manufacturing, Inc., a leader in sophisticated sub assembly, cable, harness, molding, precision machining, and electro-mechanical manufacturing, was formed in 1994 with purchase of the Paso Robles manufacturing division of Beckman Instruments, Inc. Together with JIT Supply, a regional electronics distributor founded in 1986, the JIT Companies specialize in providing custom products and services in the high mix, low to medium volume environment to OEM's in the medical instrumentation, networking, security, telecommunications, semiconductor, test, and computer equipment industries. The JIT Companies are headquartered in Paso Robles, California. For more information about the JIT Companies, visit the JIT web site at <http://www.jitmfg.com>
